

Networked Leadership

The reality of the Digital BLUR era is that organizations operate in a boundary-less fashion, leveraging assets and people outside their organization to deliver value to the customer. This course on networked leadership will help you develop the skills and mindsets to thrive in the new digital age.

Modern organization needs

One of the business realities of the digital age is that organizations have become increasingly 'boundary-less'. The fast-changing business landscape calls for grooming networked leaders who look past defined boundaries to create new value for their firms.

Key Takeaways

- Understand the persona, mindset and skills of a Networked Leader
- Uncover what it takes to build a Fluid Mindset and become more curious
- Utilize Organizational Dexterity to leverage networks and create alignment
- Develop Social intelligence to achieve common goals by influencing stakeholders
- Work with Systems Thinking to build a unified system by connecting the dots
